

SATIC Global Services Ltd

About the Company

SATIC Global Services Ltd. is a forward thinking sustainability, safety and engineering firm, driving industries toward a low carbon, efficient, and compliant future. We combine science, technology, and innovation to deliver measurable impact aligned with global and national standards.

Our Vision

A sustainable world where industries operate responsibly integrating environmental protection, social well being, and ethical governance into every process.

Our Mission

Empowering industries, organizations, and communities with data-driven, innovative, and science-based solutions that ensure compliance, resilience, and sustainable growth.

Core Values

Integrity | Excellence | Sustainability |
Innovation | Accountability

Quality Policy

We are committed to delivering globally compliant, client-focused solutions that meet international standards, legal requirements, and measurable performance expectations.

1. Sustainability, Resource Efficiency & Circular Solutions

Key Services:

- Decarbonization & Net-Zero Transition Planning
- Carbon Footprint, GHG Emission Calculation & Water Footprint
- Science-Based Targets (SBTi/SBTN) Implementation
- Corporate Sustainability & ESG Reporting (GRI, CDP, SASB, UN SDGs)
- Life Cycle Assessment (LCA) & Digital Product Passport (DPP)
- Resource Efficiency & Cleaner Production Programs
- Circular Economy & Zero Waste to Landfill Roadmaps
- Renewable & Solar Energy Feasibility & Integration

2. Assessment, Testing, Inspection & Certification

Key Services:

- Environmental & Engineering Testing (Air, Water, Effluent, Noise, Soil, Waste & Others)
- Machine & Equipment Testing & Calibration
- Energy & Water Audits (BERC/ISO 50001/46001)
- Environmental & Social Impact & Compliance Assessments (DoE, IFC, WB, ADB)
- ETP/WTP Process & Wastewater Assessment
- Chemical Safety & Compliance Assessment
- Engineering Design, Feasibility & Sustainability Assessment
- GAP Assessment, Certification & Corrective Action Plans

3. Engineering, Safety & Risk Management

A. Engineering Consultancy & Design

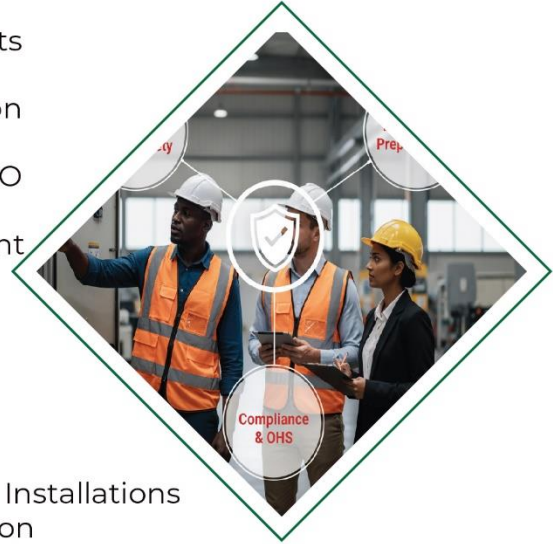

Key Services:

- New Factory Design (Architectural, Structural, Fire & Electrical)
- LEED Energy Simulation & Certification Support
- Industrial Fire, Electrical & Structural Design & Drawings (RSC / Nirapon / DIFE)
- Solar, HVAC, Sub Station & Lift

B. Safety & Risk Management

Key Services:

- Fire, Electrical & Structural Safety Assessments (BNBC, NFPA, RSC, Nirapon)
- Risk Assessment, Mitigation & Corrective Action Plans
- Occupational Health & Safety Management (ISO 45001)
- Emergency Response & Safety Plan Development

C. Supply, Installation & Construction

Key Services:

- Solar Power Systems, Fire Protection & Electrical Installations
- Boiler, Generator, Substation, LPS & Lift Installation
- Retrofitting, Steel Building Fabrication & Civil Construction
- Steel Rack Design, Supply & Installation

4. IT & Management Systems

Key Services:

- IT-Based Sustainability & Compliance Platforms
- Smart Factory & Digital Transformation Solutions
- ISO Management Systems (9001, 14001, 45001, 50001, 46001)
- Legal & Regulatory Compliance (DoE, IFC, WB, ADB)
- Policy Development & Implementation
- Training & Capacity Building via **CQPS™ Academy**

Why Choose SATIC

- Aligned with Global Development Frameworks
- Globally Recognized Experts in Safety, Compliance & Sustainability
- Proven Performance & Real-World Impact
- Forward-Thinking Solutions for Tomorrow's Challenges
- Committed to Delivering Value Beyond Expectations

Industries We Serve

Textile & Apparel | Leather & Footwear | Chemical & Plastic | Pharmaceutical | Fisheries & Agro-Industry | Infrastructure, Construction & Cement | Energy & Power | Ceramics | Hospitals | Hotels & Malls | **Development & Donor-Funded Projects**

Our Strategic Unit

Core Team

Engr. Md. Abdullah Al Mamun

Chief Executive Officer (CEO)
B.Sc. in Leather Engineering (DU), MBA (JU)
MS in Environmental Science & Management (BUP)

Engr. A.B.M. Shahabuddin

Director
B.Sc. in Electrical & Electronic Engineering (KUET)

Engr. Md. Hasanuzzaman

Director
B.Sc. in Textile Engineering
MBA in Textile & Apparel Value Chain (DU)

Engr. Shakil Ahmed

Business Development & Project Management Specialist
B.Sc. in Electrical & Electronic Engineering
M.Sc. in Advanced Engineering Management (BUET)

Engr. Md. Musfiqul Azad

Advisor – Fire, Structural & Electrical Safety
M.Sc. in Mechanical Engineering (BUET)
Technical Committee Member – NFPA & UL

Engr. Muhammad Zakir Hossain

Advisor – Energy & Power
B.Sc. in Mechanical Engineering (BUET)
SREDA Certified Energy Auditor

Engr. Md. Mamun Ferdous

Advisor – LEED Certifications
B.Sc. in Mechanical Engineering (BUET)
Certified LEED AP BD+C

Engr. Mohammad Al-Amin

Technical Expert – Safety
B.Sc. in Mechanical Engineering (IBME)
PGD in Water & Sanitation Engineering (KUET)
M.Sc. in Environmental Science & Management (BUP)

Engr. Hafizul Islam

Technical Expert – Renewable Energy
B.Sc. in Electrical & Electronic Engineering (AUST)

Md. Habib Ullah Bahar

Technical Expert – ETP & WTP
B.Sc. & M.Sc. in Chemistry
M.S. in Environmental Science & Management (JU)

Engr. Shah Ikthiar Alam

Technical Expert – SREDA Certified Energy Auditor
B.Sc. in Mechanical Engineering (BUET)

Engr. Md. Abu Rayhan

Technical Expert – Energy Assessment
B.Sc. in Electrical & Electronic Engineering (BUET)

Engr. Mohsinul Azad

Technical Expert – Structural & Geotechnical Design
B.Sc. in Civil Engineering (AUST)

Engr. Amanul Islam Aman

Advisor – Civil & Structural
B.Sc. in Civil Engineering (DUET)
