

Empowering Industries for a Safer, Smarter & Sustainable Future

Built for Sustainability. Trusted for Results.

Who We Are

SATIC Global is a multidisciplinary professional services platform delivering integrated solutions across sustainability, assurance, engineering, and circular economy.

Through its three specialized business units **SATIC Global Services Ltd.**, **SATIC Global Assurance Ltd.**, and **SATIC Waste & Circular Solutions**— we provide end-to-end support to industries in achieving Compliance, Safety, Operational Excellence and Sustainable Growth.

Why We Are Different?

- Innovation-Driven Approach
- Digital & Real-Time Intelligence
- Integrated One-Stop Platform
- SDG and Global Standard Alignment
- Practical & Results-Oriented
- Future-Ready Solutions

TEAM Certifications & Strengths

- Cascale Higg FEM & SLCP Verifiers/Trainers
- amfori BSCI & BEPI Lead Auditors
- ISO Certified Lead Auditors
- SREDA and AEE Certified Energy Auditors
- Certified GHG Accounting & SBTi Specialists
- Certified TQM, Lean Six Sigma Black Belt

Our Vision

To become a market-leading sustainability and assurance partner in Bangladesh with a strong global presence, driving industries toward intelligent, resilient, and sustainable growth through innovation and technology.

Our Mission

To deliver integrated sustainability, compliance, safety, and engineering solutions powered by AI, automation, and digital intelligence, enabling organizations to achieve real-time performance, regulatory excellence, and long-term impact.

Core Values

- | | |
|------------------|---------------------|
| • Quality | • Commitment |
| • Ethics | • Trust |

- AEE Certified Carbon Professionals
- Certified PMP (Project Management Professionals)
- Globally certified and recognized Trainers and Assessors
- A team of Multidisciplinary Engineers

Our Core Service Areas

SATIC Smart Innovations & Integrated Solutions

1. SMART Circular Waste Solutions

• Track Smart • Recover Value • Achieve Zero Waste

A. Zero Waste & Circular Value Program (ZWCVP)

- ✓ Waste-to-value strategies
- ✓ Ethical recycling & resource recovery
- ✓ Revenue generation from optimized waste utilization

B. Smart Waste Traceability & Assurance Platform (SWTAP)

- ✓ Audit-ready data & ESG-aligned certification
- ✓ Complete transparency, accountability & control
- ✓ Full waste value-chain visibility

2. ESG Intelligence & Smart Sustainability Platform

- Automated ESG data collection, validation & reporting
- Integrated tracking of GHG, energy, water, waste & compliance indicators
- AI-powered dashboards for real-time performance monitoring
- Automated alerts for deviations, risks & compliance gaps
- Data-driven decision-support insights for management

One-Stop Integrated Solutions Platform

• Compliance • Safety • Sustainability • Productivity

1. ESG Leadership & Sustainable Transformation

- Sustainability & ESG Reporting (GRI, CDP, SDGs)
- Net-Zero, Decarbonization & SBTi Alignment
- Carbon Footprint and GHG Inventory (ISO 14064)
- Digital Product Passport (DPP) & Traceability
- Life Cycle Assessment (LCA – ISO 14040/44)

2. Assurance, Audit & Certification

- ISO Management System Audits & Certification
- GAP Assessment for Compliance, Safety & Sustainability
- Social, Technical, Environmental, Security & Safety Audits
- Energy Audit, Water Audit & ETP Performance Assessment
- Fire, Electrical & Structural Safety Assessments
- Green Financing Readiness Assessment Reports

3. Testing & Inspection

- Environmental Testing, Monitoring & Impact Assessment
- Water, Wastewater & Product Testing (Accredited Laboratories)

4. Engineering, Safety & Infrastructure Solutions

- Industrial Design, Engineering & Testing/Commissioning (T&C)
- Solar & Renewable Energy Solutions
- ETP / WTP / STP Design & Engineering Services

5. Capacity Building & Organizational Development
